# Welcome back

**Poole Museum shop and tourist information will be open from 12th April, every day 10am-5pm.**

**Poole Museum will be open from 17th May, everyday 10am-5pm.**

Poole Museum has achieved the Visit England COVID-19 Industry Standard, confirming we have followed government and industry COVID-19 guidelines, ensuring processes are in place to maintain cleanliness and aid social/physical distancing.

You will be able to view four floors of galleries telling the remarkable story of the port town of Poole. Although some of our hands-on family activities have had to be removed for now, there will also be some new 'I spy' activities and take-away sheets for visitors to look out for.

Poole History Centre will be open Wednesday to Saturday 10am-1pm, by appointment only.
