## Hardy Exhibition Concept Developer

As part of our National Portfolio Organisation programme, our partner museums will deliver a major exhibition on the life and work of Thomas Hardy in the summer of 2021. We wish to use the exhibition as a platform to engage more diverse audiences in Hardy's life and work, and how it connects the history and context of the Wessex landscape. The exhibition will take place simultaneously in all four of the partner museums, telling different 'chapters' of a single narrative around Thomas Hardy. The exhibition will then tour a minimum of 4 venues nationally.

The Wessex Museums Partnership requires an experienced and innovative exhibition specialist to develop the concept of this important exhibition for the partnership.

### Interested consultants are asked to submit a written proposal that includes:

- › An outline of previous experience in this area of work and an example of this work.
